la santé des militaires et des vétérans

Our sincere gratitude goes out to all our sponsors whose generous support made this year's CIMVHR Forum possible.

Over the three-day event, we had 231 research presentations to a delegation of 798 people. The resoundingly positive feedback from our delegates about what they learned and the connections they made is a testament to the impact of your support. Your contribution has not only made this event possible but has also significantly enriched our community.

Because of your partnership, we were able to:

- Provide a platform for innovative research and knowledge exchange
- Foster new connections and collaborations
- Highlight the voices and experiences of those who serve, have served and their families

Thank you for being an essential part of our success and impact.

As we look forward to CIMVHR Forum 2026, which will be held on October 19–21, 2026, in Halifax, Nova Scotia, we hope to have your invaluable support once again.

Thank you for serving those who serve us.

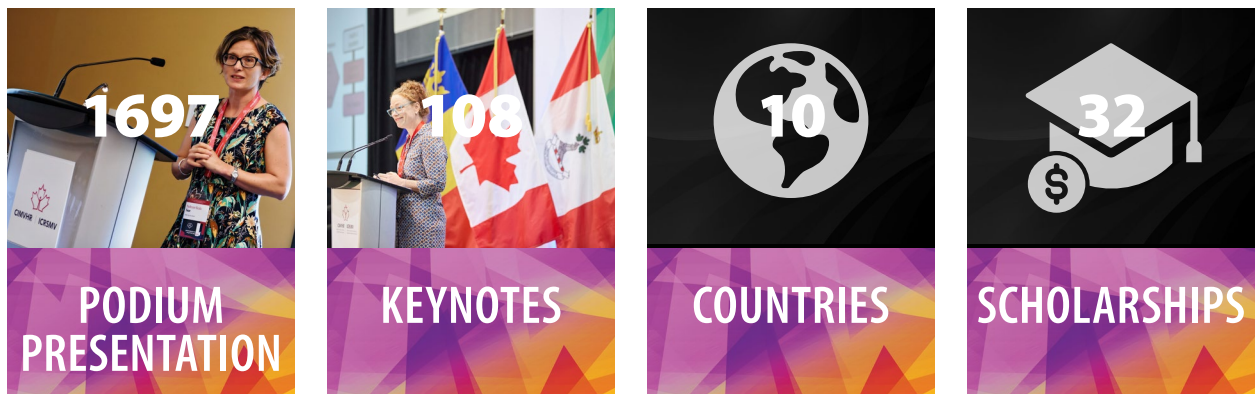

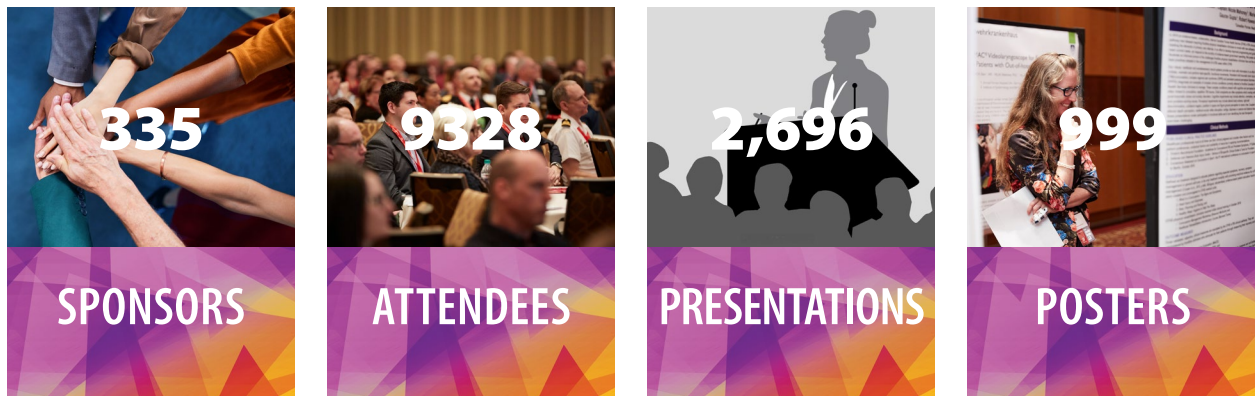

Nicholas Held, PhD
Interim Scientific Director

Canadian Institute for Military and Veteran Health Research

The Canadian Institute for Military and Veteran Health Research works to enhance the health and well-being of Canada's diverse military personnel, Veterans, public safety personnel and their families by engaging academic and government research resources, fostering new research and promoting knowledge translation. CIMVHR plays a crucial role in addressing the unique risks and needs of this population.

Annually, the CIMVHR Forum serves as a vital platform for thought leaders across various sectors to exchange insights, collaborate and showcase advancements in research and ideas. This platform is of immense value for the betterment of our military personnel, Veterans and their families, and your participation is crucial to its success.
